Alliance (USA)

# The Need For A Certification In Career Counselling

The recent years have seen an emergence of a multitude of career options across the globe. From well-established careers like Medicine and Engineering to new-age career options like Social Media Evangelist and Wildlife Photography, students today are spoiled for choice when it comes to making their career decision. It is only natural that they face hundreds of questions before arriving upon one of the most crucial decisions of their adult life.

Cognizant of the need for structured career planning, schools, colleges and educational institutions are now actively taking steps to promote career guidance and proper selection. Many national boards and government bodies have now made counselling and aptitude testing mandatory in schools.

In spite of the sizeable and growing need for qualified counsellors to guide students, there is a huge supply and skill shortage. Reports suggest that as many as 90% of schools in India do not have provisions for full-time counsellors or other forms of career guidance for students.

Thus, being skilled and trained in career counselling and guidance will put you at the forefront of career opportunities in this domain and help you meet this expanding demand. Career Guidance, Counselling, Mentoring and Coaching are becoming the next buzz words. This 3-month experiential learning program to become an International Certified Career Coach (ICCC) is going to be a perfect stepping stone to build your career in this fast-growing field.

*‘Career guidance & counselling, mentoring & coaching will be the next big professional opportunity in the near future.’*

*‘A paradigm shift is occurring in India with Universities, Educational Boards, Schools and Governments beginning to understand the significance of career counselling.’*

*‘As of today there is a shortfall of about half a million career counselling & guidance professionals in the country.’*

*‘Skilled & certified career counsellors will be the biggest beneficiaries & best placed to fill the gap of qualified practitioners.’*

# Key Highlights

## ○ ICCC Foundation

Level 1

15 Credits | 2 Days (Virtual Conference) | Free

The foundational base of the ICCC offers a hands-on approach to expand your horizons in career counselling. Learn global counselling skills from master trainers and coaches through in-person training sessions spread out over 2 days.

### • Online Training

Virtually interact with Industry's top coaches & an elite cohort of educators from all across India.

### • Experiential Learning

Learn career counselling from the world's leading career coaches for unparalleled training & support.

### • Case Studies & Continuous Evaluation

Real-life case studies in key competency areas along with focused assessments and evaluation.

### • CCSP Credentialing

Complete course requirements to achieve the 'Certified Career Services Provider' credentialing.

# About The Credentialing Bodies

## National Career Development Association (USA)

The National Career Development Association (NCDA) provides professional development, publications, standards and advocacy to practitioners and educators who inspire and empower individuals to achieve their career and life goals.

NCDA offers diverse, high-quality competency-based credentials that effectively uphold NCDA's standards and ethics. NCDA is often consulted by the news media for information related to career planning and decision-making, national trends, best practices in job searching and other career-related topics

## Career Development Alliance (USA)

Founded in 1998, CDA is a career development body in Washington, USA. Its founders are members of notable international organizations, and are pioneering and championing the cause of career development and guidance.

Widely consulted for career development across the globe, CDA has created comprehensive training and instructor materials used to train tens of thousands of professionals and paraprofessionals. Notable clients include the American Medical Association (AMA), United States Secret Service, Federal Deposit Insurance Corporation (FDIC), among others.

## Mindler (India)

Mindler is the world's most advanced career guidance platform, run by alumni from Harvard, ISB, IIT and leading psychometricians. A technology-enabled ecosystem for career planning, Mindler leverages technology, research, machine learning and algorithms to enable students to discover their unique potential.

Mindler's award-winning career guidance framework and assessment tool have been developed by a team of some of the top psychometricians, industry experts and researchers in the world. It is the most accurate and valid career assessment, with a blend of advanced technology and millions of research data points collected from students from multiple demographics and cultures.

## On-boarding Process

# Participant Testimonials

"As a principal, I did not ever get such an opportunity where I could think one-to-one for a child and what all goes into planning a career. Now I go back much more equipped. What I have learnt here is very practical and I think we would be able to replicate it in our school."

**-Abha Anant**, Principal, City Montessori School

"The program has been fabulous! It's truly eye-opening because it makes you think about things that we are not looking at but we should be if we want the best for students. There's so much of data, inputs and content to carry forward."

**-Debarati Bannerjee**, HR Manager, SCJ Academy

"I had the expectation that I could come up with an international standard in my career coach practice and I am happy that the program is intact with my expectations. I strongly believe that it is going to make a big leap in launching my career as a career coach."

**-Thahir Ahammed**, Director, Precision Global Training, Oman

"It has been intensively knowledge-based and the quality of the sessions was exemplary. The speakers were absolute masters of whatever they were speaking. I have learnt so much in each session that it will take me a week to compile all the information I have taken in."

**-Hina Sharif Khan**, Head - Career Guidance, SelaQui International School

"The program was very informative, interactive and with well-experienced speakers. The case studies they gave us were really good. We usually have candidates that come to us with similar problems. I got solutions as to how I can stay calm and deal with them."

**-Ann Andrew Gracious**, Placement Counsellor, Genesis Global School

## Media Coverage

"Learn global best practices in counselling and sharpen counselling skills."

**THE FINANCIAL EXPRESS**

"Creating specialists who can take care of the rising demand in India."

  
**THE TIMES OF INDIA**

"Imparting international best practices in counselling."

**DECCAN HERALD**

"करियर काउंसलर्स को नए करियर अवसरों के बारे में जागरूक कर रहा है इंटरनेशनल सर्टिफिकेशन प्रोग्राम"

**दैनिक भास्कर**

# Glimpses Of The Previous Cohorts

Prof. Dr. N.K. Chadha, enlightening the participants on the fundamentals of psychometric theory in his module on 'Psychometric Testing in India & Abroad.'

David Reile addressing the audience in his engaging sessions on the 'Essentials of a Great Counsellor' & 'Global Competencies & Helping Skills.'

The ICCC promoted audience engagement & inquisitiveness throughout the workshop, with live Q & A sessions & feedback from the participants.
